EDUCATING POLICY MAKERS ABOUT EMPLOYING PEOPLE WITH DISABILITIES

Now is the time to show your support when it comes to employing people with disabilities. Please mark your calendar for Monday, September 22nd from 10:30-11:30 under the Rotunda at the state capitol in Lansing for a press conference outlining important information about employing people with disabilities.

The Michigan Developmental Disabilities Council and the Developmental Disabilities Institute are publishing a report outlining issues related to employment for individuals with disabilities in Michigan. The details of the report center around the vast under-representation of individuals with disabilities, particularly those with intellectual and developmental disabilities, in the Michigan workforce. The report also outlines the use of sub-minimum wage and the prevalence of segregated work environments. Our aim is to educate policy makers about this ever important issue and to hopefully provoke meaning policy that provides more significant pathways to integrated competitive employment for people with disabilities. Please consider supporting the press conference and showing your support.

COMMUNITY LIVING SERVICES SUBMITS REQUEST FOR PROPOSAL

Hundreds of hours have been spent on answering the Detroit Wayne Mental Health Authority’s RFP and finally the document has been submitted. At the beginning of July, the Authority held a bidder’s conference which was the first opportunity for interested organizations who want to become Managers of Comprehensive Provider Networks, to review the bidding process. The DWMHA is now re-bidding its system of care which is required by the Michigan Department of Community Health. The current system has several MCPNs, one of which is Community Living Services.

The new MCPNs will have community-based governance and centralized training and work force development according to a document released by the Authority. A few significant changes include: eliminating the conflict of interest within the governance of current MCPNs, an expanded role of the Authority in vetting, enrolling and privileging the broader provider network of the PIHP in Detroit Wayne and contracts that reward MCPNs for achieving outcomes and penalties that do not come out of direct services.

The MCPNs will be selected sometime in mid-October. For more information on the re-bid process, www.dwmha.com.

The Detroit Wayne Mental Health Authority (DWMHA) serves over 74,000 consumers. The Authority provides services for people with mental illness, developmental disabilities, serious emotional disturbance and substance use disorders.

DWMHA provides services and offers a culturally diverse network of community mental health programs, clinics, private therapists, psychologists and psychiatrists to adults with mental illness, individuals with developmental disabilities, children with serious emotional disturbances and persons with substance use disorders and their families

CLS is a private, non-profit organization that provides supports and services to over 4,000 children and adults with intellectual and developmental disabilities in Wayne, Oakland and Macomb Counties. CLS also provides services to seniors and those with chronic illness. CLS is funded by the Detroit-Wayne Mental Health Authority, the Oakland County Community Mental Health Authority and Macomb County Community Mental Health. The Long-Term Care Division is under contract with The United Way of Southeastern Michigan, Detroit Area Agency on Aging 1-A, Area on Aging 1-B, The Senior Alliance Area Agency on Aging 1-C, The Information Center and the City of Allen Park. The CLS Annual Report can be found on the website (www.comlivserv.com) under “About Us.”

National and Local

This is Your Chance to Get Involved!

Now is your chance to get involved and let your voice be heard! Right now, the Michigan Developmental Disabilities Council has five openings on its board. The DD Council is a governor-appointed body of 21 people with developmental disabilities, parents, guardians, family members and agency representatives. The group's mission and vision is to adhere to its fundamental goal of ensuring that people with developmental disabilities have the opportunities and supports they need to achieve a life of freedom, choice and inclusion in the communities where they choose to live and work. Social Security Field Office Service Changes

The Social Security Administration is making changes to some of the services it provides to individuals and families that work with the local Arc chapters. The SSA has eliminated the issuance of Social Security number printouts in its field offices. Instead, people will be directed to apply for a new SSN card which takes about two weeks. However if a person is in "dire need" and needs their SSN immediately, each field office will have a person to assist them.

Oakland County Achievement Award Winners

The Oakland County Community Mental Health Authority is holding its annual Achievement Awards Ceremony on September 12th and three people supported by CLS Oakland County will be winning an award!

Stigma Buster: Deshaun Jones

Helping Hands: Emily Monroe

My Life: Cole Gluklick

The awards ceremony is also an opportunity for OCCMHA to recognize its Provider Network.

Great Ways to Save \$\$

Every year, AARP comes out with its 99 Great Ways to Save whether it's at home, on the road or your health, these tips are always good to know. Below are just a few ideas.

AT HOME:

- In the winter, reverse your ceiling fan. Revolving clockwise, the fan will pull up cool air and send down the heated air that's settled near the ceiling. Clean or replace the filter in your furnace or air conditioner.
- Proper maintenance can save 5 to 15 percent on the monthly heating and cooling bills.

ON THE ROAD

- Head to ski resorts in the summer and beach locations in late August or early September. For cheaper flights, look to the earliest and latest flights of the day. Click on the [dollar sign](#) for the complete list:
